

MONTVIEW BOULEVARD PRESBYTERIAN CHURCH WEEKLY UPDATE

Week of **June 7, 2021**

1. Structural concrete is complete, the deep footers and pilasters were poured.
2. Mechanical demolition of Miller Center RTU and roof penthouse, preparing for new RTU.
3. Beam pockets for new lantern structure are being installed in the existing stone.
4. New LED lighting in Sanctuary is complete including new transept and narthex lamps and new bulbs in the chandeliers.
5. Electrical backbone ongoing from utility yard.
6. Colarelli hosted Construction Essentials class from Emily Griffith Technical College, they were enthusiastic to see the project and learn about the process. We support and advocate the opportunities for young adults to learn about the trades.
