Celebrate Black History Month @ Montview and Beyond By the Montview Anti-Racism Trust Team (ARTT), February 2023

Black History Month occurs every year in February, and it is an important month for all of us to observe, honor and celebrate. Black History is our history. Black History Month is about honoring the legacy, struggle and accomplishments of African Americans in striving for their freedom, dignity and human

rights in the United States. As Dr. Tisby said in an article on this topic from 2021, "The impact African Americans have made on this country is part of our collective consciousness. Contemplating Black history draws people of every race into the grand and diverse story of this nation." In honor of this special month, please consider getting involved in or supporting a program at Montview Church or attending, supporting or contributing to other Black History Month programs throughout our community. <u>Click here</u> for a list of possibilities at Montview and beyond.
